Dear Megan,

Entry Requirements
As Covid restrictions end around the world, there are still countries with restrictions or entry requirements (such as pre-departure tests) that you must adhere to in order to travel without any issues.
While we can assist you in ensuring you have the correct information at time of booking, we urge all travellers to check their eligibility to travel to their booked destination on the day of departure to ensure their safe entry into the arrival country. You can check up-to-the minute restrictions [here]
Visas & Passports
If you need assistance with obtaining a visa, we have partnered with global experts, CIBT. You can quickly and easily apply for your visa via their online tool https://cibtvisas.com/diversity-global-portal
Masks
Although mask restrictions are ending around the world, many airlines still require you to wear a mask for the duration of your flight. Please check with your booked carrier before departure.
Your dedicated reservations team can assist you, should you have any questions or concerns about your travel plans.

Please note that no seats are being held at present (unless stated otherwise) and all journeys are subject to availability at the time you wish to book.
